General Meeting
27th April 7.30 p.m. at the Clubrooms
Unit 8, 41 Norcal Road, Nunawading
Please Note 7.30 start
No business meeting
Guest Speaker: Peter Abbott, CEO Puffing Billy Railway
Please bring supper

President's Piece

The April meeting will feature our guest speaker, Peter Abbott, CEO of the Puffing Billy Railway since February 2021. Please come along and hear what Peter has to say about this iconic tourist attraction. Peter has a work history within the tourist industry as Chief Executive Officer of Bendigo Heritage Attractions and Manager of the Flagstaff Hill Maritime Village, Warrnambool. The Hot Cross Bun Run is over for another year. Brian & Irene Garrett did a large amount of the work on this project and the Club greatly appreciates their efforts. It was impressive to see and be a part of the "well oiled" group of helpers on the day. We had Members who arrived early and set up for the 10 o'clock rush. With water boiling and buns in the oven we were ready. Always a good day and apart from some patchy weather it was a great day. Traditionally, we take donations for the Royal Childrens' Hospital Appeal and this year we raised \$1,000. Well done to everyone.

National Motoring Heritage Day is Sunday 21st May. This also coincides with our Birthday Run and our Display Day Presentations. It will be at the Wallace Hotel in Wallace where we have a private room booked. I urge Members to come along to this triple celebration, especially those whose cars were judged at our Display Day at the Hot Cross Bun Run.

The AOMC has embarked on a mission to make the public aware of the historic motoring movement and that we don't drive "gas guzzlers". In order to achieve this they have linked with Greenfleet in the AOMC Carbon Offset Program. AOMC is proud to announce this new initiative where motoring enthusiasts can support green programs in Australia through a carbon offset scheme. Your support of this program demonstrates the enthusiast movement's commitment to both the environment and the preservation of moveable cultural heritage and allows the AOMC to advocate that the environment and our heritage fleet can exist in harmony. As always, the message is

Drive your historic vehicle while you can.

Classic car auction puts flooded town back on the map

Stephanie Gardiner - Australian Associated Press

Sitting in a warehouse car park among a row of baby blue vintage Holdens, "God's own car" was up for auction.

The auctioneer's homily about the HR Holden special sedan wasn't far from the truth for devoted classic car fans at a sale of rare models and parts in Molong, central west NSW, on Sunday. About 100 potential buyers, some who travelled from as far as the Kimberley in Western Australia, endured blazing heat to watch local truck driver Craig Barham's beloved collection go under the hammer.

Prized pieces included a forest green 1947 Chevrolet Stylemaster Ute, which sold for \$43,750, and a gleaming olive 1967 Chevrolet Impala, snapped up for \$46,000.

A Melbourne bidder bought a pastel Holden EJ station wagon featured in the 2000 Australian movie *The Dish* for \$29,000, while retro Harley Davidson motorbikes sold for between \$3400 and \$28,000.

As bidding stalled on a particularly rare early Holden, auctioneer Ashley Burns turned up the heat. "Search the country and I bet you won't find another one of these," Mr Burns told the crowd. "Imagine the big smile on your face when you rock up to work tomorrow."

The highest bidder bought the HD X2 special station wagon - in need of loving restoration - for \$5100.

The sale was the first in-person event for the auction house since COVID-19 restrictions, as buyers in Molong competed with online bidders across the country. "The best way is to have people here because they get caught up in the emotion of it," Mr Burns told AAP.

Molong's Craig Barham is all smiles as bidding got hot for his collection of cars and collectibles

"Once you're here, you're buying."

Buyers and spectators, mostly men in car brand T-shirts, singlets and worn-out caps and Akubras, took cover in small patches of shade as the temperature crept up towards 35C.

Larry Follington, a collector from the NSW Hawkesbury region, said the sale was significant as parts were becoming harder to find.

"I've been working on some of these cars since I was 13 and I have a few of them - about 50," Mr Follington said with a chuckle.

The action was one of the first major events in Molong since an enormous flash flood in November which didn't affect the warehouse sitting on high ground.

The event was catered by locals whose businesses were lost or damaged.

Tania Lampe, who has not been able to re-open her cafe and homewares shop on the main street due to severe flood damage, served up tall iced coffees to cool the crowd.

She said many locals were doing it tough, as people started to bypass Molong while businesses were boarded up and repaired.

"I'm still trying to get my head around where to go because that shop was my dream," Ms Lampe said. "Something like this is so great for the town. We need people to come back."

Next Meeting. A no business meeting, Thursday 27th April 2023 at Club Rooms. Guest Speaker Peter Abbot, CEO Puffing Billy Railways.

Guest Speaker

Ken Leeden kindly brought in his Holden Monaro V8 for display. Ken gave an excellent history on his Monaro and some interesting anecdotes from his years at GMH. His Monaro has done nearly 470,000 kms, and been to most parts of Australia, in many cases pulling a caravan. This vehicle has been very reliable and comfortable, and its condition today is amazing considering the kilometres travelled. Thanks Ken, a very interesting and enjoyable presentation.

Police investigate theft of 'extremely rare' 1960s race car driven by Jack Brabham

By Bridget McArthur

An extremely rare 1960s race car has been found damaged and unable to be driven, after it was stolen from a property in the wealthy Melbourne suburb of Toorak.

Police are investigating the theft of the Brabham BT21, which is believed to have occurred on Hill Street in the early hours of Thursday morning.

The race car is very rare, with only five others like it in the world.

The vintage vehicle was discovered on Grange Road by officers on patrol and police said it had been abandoned just streets away from where it had been taken.

"I don't think they knew how to turn on all the switches to be able to start it properly," owner Peter Williams told ABC Radio Melbourne Friday morning.

Mr Williams was set to be competing in the car at the Phillip Island Classic this weekend — a five-day event which draws hundreds of historic race cars from across Australia and abroad.

Mr Williams said the rare car was driven by Australian racing legend Sir Jack Brabham.

The damage done to the clutch has put the vehicle out of the game for now, but Mr Williams said he had high hopes he would be able to get it back on the road.

He said he feels "very lucky" it was found.

Investigators are asking anyone with information about the theft to come forward by contacting Crime Stoppers.

CHACA CLUB PERMIT SCHEME ELIGIBILITY GUIDELINES

CHACA is a VicRoads authorised Club to participate in the VicRoads Club Permit Scheme (CPS).

VicRoads has set rules to determine the eligibility of vehicles for the Club Permit Scheme. These may be viewed in the CPS handbook or on the VicRoads website. CHACA has set its own additional requirements for vehicles to be submitted for the CPS using CHACA's authorisation. The additional requirements are in line with the original CHACA charter of vehicle originality and preservation.

The following are CHACA's requirements for Members submitting vehicles for CPS assessment.

1. The vehicle must have been manufactured prior to 31st December 1992.
2. Vehicles submitted for CPS application must be as the manufacturer originally designed and built. Some modifications are permitted in line with the original manufacture option list, are period correct, or are based on safety issues, but in all cases must not detract from originality. Replicas derived from a lower model are acceptable as long as the appearance is as original as possible to the intended vehicle model (e.g. GT Falcon from a base Falcon).
3. Applicants for the CPS will certify that the vehicle submitted will remain roadworthy during the permit period and unmodified from what was originally submitted.
4. Once a vehicle has been accepted by CHACA for CPS it will be the members' responsibility to maintain the vehicle as originally presented, with no further modifications and in a roadworthy condition for all permit renewal applications.
5. Determination of the eligibility for any vehicle submitted to CHACA for CPS will be at the discretion of the Committee. Vehicle CPS application must be submitted to the Technical Officer in writing.

For further questions, please contact the committee.

Ken's Joke of the Month

Kev and Bazza had overstayed their English holiday and were in desperate need of a a job, so the ad they saw in The Times was most appropriate. It read: "Two Butlers required for Scottish country manor. References a must." The references were a bit of a problem, but was solved with simple Aus-sie ingenuity. Kev wrote Bazza's and Baz gave Kev a splendid wrap. When they were ushered before the lady of the manor they proffered their references but she waved them aside. "Later," she said, "First I'd like to check your knees. Formal wear here means wearing kilts, so

if you would be so kind as to drop your tweeds...". The lads thought this was a little odd, but they did so. "Not bad," she said. "Now can you show me your testimonials."

When they picked themselves up from the gravel driveway, Kevin said, "With a little more education we would have got that job!"
