GENERAL MEETING

The first monthly meeting for 2020 will be held on 23rd of January 8.00 pm at club room. We hope everyone had a safe and happy new year's break especially given the current catastrophic bushfire condition.

Look forward to seeing you in the meeting and sharing the holiday stories with us.

PRESIDENT'S REPORT

Another year is upon us and I do hope it finds you all well and ready to participate in the various club activities we, the committee, dream up. I know not all events suit everyone but we do try to cater for a broad range of tastes. Just let us know what you like and we will try to fit something in.

There are so many events on this year which are suitable for the Veteran/Vintage/Classic car owner that are organised by such bodies as AHMF, Federation of Veteran Vintage & Classic Cars, AOMC, and RACV that your head will be spinning by the time you get through it all. Entries to these events are to-day more likely to be via an online procedure. Gone are the days you get a brochure, fill it in and post off. If you try that you will probably miss out. It is important therefore you have sufficient computer skills to find the relevant web sites, (google is good), determine what events you want to enter, fill in the on line entry form and make the payment. For those of you who have not spent any time with a computer it is not that daunting. There are many civic or community centres that have computer skills courses for the novice and mostly they are free. Of course there are always the grandkids. Take the first step and at least get a basic skill set. Don't be left behind in this modern world

First up this year is Australia Day and we have decided to give Marysville a miss this year. Some members were finding the drive on a single lane road across the Black Spur a bit slow and daunting. On looking around for another suitable event it was obvious that there are not many events that cater for the Classic Car enthusiasts. Of course there is the Domain event but that is limited to 100 cars and for this year they must be Australian Manufactured only. I am sure that event is already full so what else is there?

We noted an event being run by the Vintage & Classic Car Club of Ballarat at the Grey Hound Racing Venue, Sebastopol, Ballarat, on Australia Day, which should be suitable as a destination. Not too far and good road all the way. You will see details of this event in the Journal. There is an entry fee of course which seems the norm nowadays but there should be something to interest all the family. It would be difficult to organise a meeting place and time for this event so it's find your own way there. What the weather does, who knows, as it seems all over the place at present.

It seems the rumours are true in that Vic Roads are being re-organised. Not sure if that is the right word as some say "privatised". Anyway expect some changes with Vic Roads in 2020 which may include changes to the Club Permit Scheme (CPS). No one is sure yet what the new structure is and how it will affect the classic car movement. I do hope it progresses smoother than the introduction of Fines Victoria which I can only describe as a disaster. I will keep you informed as more accurate information is to hand.

The luxury car tax is still a talking point in the movement. The Australian Historic Vehicle Interest Group has set up a petition to present to government the request to remove this tax from older vehicle imports. If you wish to participate in that petition go to the following link to submit your support.

PRESENTATION DAY & END OF YEAR LUNCHEON

24TH NOVEMBER 2019

The weather was very kind to us on our Presentation Day enabling many members to bring their classic along and make the day even more enjoyable. It was pleasing to see Trish Alger bring along her 1935 Dodge Tourer for what would be its last run under Alger ownership. The vehicle has been sold. This vehicle has been in Alger ownership from new

Around 55 members participated and as usual the caterers provided an excellent two course lunch. The club subsidised the lunch and provided soft drinks and wine. Our hard working team of Rozz Smith, Esther Healy and Irene Garrett set up the tables and Xmas decorations.

The presentations began with the awards from the Judging Day in October. The results were:

71 – 92.	Runner Up.	Ken Leeden.	73 Holden Monaro
	Winner.	Mickey Bradford.	72 Buick Riviera
61 – 70.	Runner Up	Bill Redpath.	64 Holden EH
	Winner	James Allan.	66 MGB
51 – 60	Runner Up.	Lester Cole.	56 Chevrolet
	Winner.	Peter Hibbert.	57 Chevrolet Bel Air
31 – 50	Runner up.	Barry Smith.	36 Packard
	Winner.	Russell Betts.	36 Chevrolet Roadster

After sweets the awards for club member participation and contributions were made. Those awarded were as follows.

2019 Attendance Award.

Heather & Bill Redpath

2019 Tom Lambert Award. Participation & Preparation.

Terry Herbstreit

2019 Percy Kay Award. Club Lady of the Year.

Rosslyn Smith

2019 Simon Patience Club Man of the year.

Dennis Healy

Our congratulations to all award winners.

After the raffle for the hampers members could relax and enjoy the remainder of the afternoon.

New Project underway

Just thought I would let my fellow club members know that it is time to start restoring my 1934 Pontiac Roadster, before my time runs out.

A few weeks ago, my son David, friend Matt and myself moved a ton of bits and pieces from in and around the car, fitted four wheels on, rolled it outside for a clean before putting it in the new shed ready for restoration.

We are now in the process of reassembly of all the guards, etc., that is if I can find them. There are a lot of parts coming off a spare 34 sedan in the old shed.

The roadster was purchased in the mid 1970's from a farm in Inverell, northern NSW. More on that story at a later date.

Please find a couple of photos, one before (when new) and an after photo (what it looks like today).

10 hottest, affordable classic cars of 2020 include Range Rover, Ferrari 360, Honda CRX Si

Nathan Bomey
USA TODAY

Are Hondas and Acuras really classic cars? Yes, according to the new annual Bull Market List from classic-car insurer Hagerty, which includes the previously scorned front-wheel-drive vehicles that are surging in popularity.

The annual Bull Market List contains ageing SUVs and sports cars, such as the Honda CRX Si and the Acura Integra Type R. It shows that a new generation of classic car buyers is emerging, and they aren't exclusively interested in old stalwarts like the Corvette and Mustang, says Larry Webster, Hagerty's editor-in-chief.

The 2020 list is "looking less like traditional classics and more like the wish list of the high school Class of 1999," Hagerty reports.

"Automotive enthusiasm is alive and well and being passed along to the next generation," Webster says.

Hagerty compiled its Bull Market List based on projected value, insurance quote trends, digital buzz and dealer insights.

"It's a complete 360-degree view of the market, not just based on sales," Webster said.
Here are Hagerty's projections of the hottest affordable classic cars in 2020:

1996-2002 Dodge Viper GTS

Price when new: \$66,000

Current Hagerty value: \$47,800-\$55,900

This 10-cylinder-engine vehicle's "outlandish design" is one reason why it's particularly popular among Generation X and millennials, according to Hagerty.

"The Viper is an automotive roller coaster," Webster says. "It's an experience like no other."

1990-95 Volkswagen Corrado

Price when new: \$17,900

Current Hagerty value: \$5,700-\$8,000

The Corrado was the first car you could buy with an electrically operated rear spoiler, Webster said. It also had a supercharged 4-cylinder engine at an affordable price.

And it's still affordable today. Interest in the Corrado is surging. In 2019, collectors requested 25% more Hagerty insurance quotes on the vehicle than they did in 2018.

1999-2005 Ferrari 360

Price when new: \$170,779

Current Hagerty value: \$82,200-\$89,600

This car is making a transition from "used exotic" to "enthusiast or collectible car," according to Hagerty. A used exotic is still depreciating. The latter category has bottomed out or is appreciating.

"The design has aged well and looks elegant in a way a lot of cars from that era don't," Hagerty reports.

1971-80 International Harvester Scout

Price when new: \$7,212

Current Hagerty value: \$25,500-\$32,500

This vintage SUV is booming in value. It rose 23% from 2018 to 2019, according to Hagerty. One reason: Many of them were left to rot as collectors focused on vehicles like the Ford Bronco and Chevrolet Blazer.

"They rusted out like crazy," Webster says.

Now there's a rush to restore the Scout. "If you can buy it in original paint, I would buy it," Webster says.

1988–91 Honda CRX Si

Price when new: \$10,195

Current Hagerty value: \$11,200–\$15,300

This front-wheel-drive sports car is "symbolic of the golden age of Honda," according to Hagerty, with its "quick and go-kart-like" feel. This car had its heyday when many Millennials were babies, but that's the generation that's driving the interest in it. They make up 60% of Hagerty insurance quotes for the vehicle, compared with 21% of all models.

"It's about the smoothest 4-cylinder that's ever been made," says Webster, who previously owned one.

1997–2001 Acura Integra Type R

Price when new: \$24,830

Current Hagerty value: \$40,700–\$51,200

This vehicle is "super rare and hard to find in good shape," according to Hagerty. Coupled with the fact that it's "widely considered the best-handling front-driver of all time," the Integra Type R is soaring in value.

In 2019, its value rose 21% over 2018. Over the last three years, the value is up 47%.

1984–2001 Jeep Cherokee

Price when new: \$21,665

Current Hagerty value: \$7,600–\$10,400

This vehicle has had a long shelf life. Its "classically rugged good looks" and affordability have attracted a big audience, Hagerty says. It's smaller than the modern Cherokee, and that enables agile off-roading.

1998–2002 BMW M Roadster

Price when new: \$42,770

Current Hagerty value: \$21,000–\$27,200

The most valuable versions of this model are skewing the average higher. The reality is the median price is \$13,000. It's cheaper than its cousin, the M coupe, but it's finally getting its due after being "overlooked for a long time," according to Hagerty. "There is so much entertainment for the dollar in this car," Webster says.

1970–76 Porsche 914

Price when new: \$42,770

Current Hagerty value: \$21,000–\$27,200

This is only the third model ever made by Porsche designers. Its "great handling and affordability" are driving interest, especially among baby boomers, who make up 55% of the quotes on the vehicle. But it may not be affordable for much longer. The average value rose 29.3% in 2019, compared with 2018, and some recent sales have topped \$100,000. Porsche collectors started giving fresh consideration to the 914 after the 911 became unaffordable for many, Webster says.

1970–95 Land Rover Range Rover

Price when new: \$45,000

Current Hagerty value: \$20,500–\$30,300

The old Range Rover appears to be drafting off of the success of the current Range Rover, according to Hagerty. You can see some of the current vehicle's design cues from the vintage model. Just gear up for a lot of maintenance.

"They're so unreliable, it's comical," Webster says.

CHACA CLUB PERMIT SCHEME ELIGIBILITY GUIDELINES

CHACA is a VicRoads authorised Club to participate in the VicRoads Club Permit Scheme (CPS).

VicRoads has set rules to determine the eligibility of vehicles for the Club Permit Scheme. These may be viewed in the CPS handbook or on the VicRoads website. CHACA has set its own additional requirements for vehicles to be submitted for the CPS using CHACA's authorisation. The additional requirements are in line with the original CHACA charter of vehicle originality and preservation.

The following are CHACA's requirements for Members submitting vehicles for CPS assessment.

1. The vehicle must have been manufactured prior to 1st December 1992.
2. The member submitting the application must have been a CHACA member for at least 3 months.
3. Vehicles submitted for CPS application must be as the manufacturer originally designed and built. Some modifications are permitted in line with the original manufacture option list, are period correct, or are based on safety issues, but in all cases must not detract from originality. Replicas derived from a lower model are acceptable as long as the appearance is as original as possible to the intended vehicle model (e.g. GT Falcon from a base Falcon).
4. Applicants for the CPS will certify that the vehicle submitted will remain roadworthy during the permit period and unmodified from what was originally submitted.
5. Once a vehicle has been accepted by CHACA for CPS it will be the members' responsibility to maintain the vehicle as originally presented, with no further modifications and in a roadworthy condition for all permit renewal applications.
6. Determination of the eligibility for any vehicle submitted to CHACA for CPS will be at the discretion of the Committee. Vehicle CPS application must be submitted to the Technical Officer in writing.

For further questions, please contact the committee.

KEN'S JOKE OF THE MONTH.

A man and woman were married for many years. Whenever there was a confrontation, yelling could be heard deep into the night. The old man would shout, "When I die, I will dig my way up and out of the grave and come back and haunt you for the rest of your life! Neighbours feared him. The old man liked the fact that he was feared.

Then one evening, he died when he was 98. After the burial, her neighbours, concerned for her safety, asked, "Aren't you afraid that he may indeed be able to

dig his way out of the grave and haunt you for the rest of your life?

The wife said, "Let him dig. I had him buried upside down.....and I know he won't ask for directions".

To all Permit Plate Holders

Due to VicRoads tightening their control on all Clubs involved with the Club Permit Scheme (CPS) we now request that all members issued with a Permit through CHACA under the new Log Book scheme attend at least one Club Run or Meeting every 6 months **with the Car**. This will assist the Club in ensuring your vehicle continues to meet with all the guidelines and conditions of use as set out by VicRoads and CHACA.

Members are also reminded that the Club is bound by the new rules of this scheme to advise VicRoads of any Permit Holder who is no longer a financial member of the Club. Any queries please contact.

CALL FOR ARTICLES!

To All at CHACA, want to share any interesting story, piece of automotive history, fun piece of trivia, or a "me and my car" story, email us and send us some photos as well! We enjoy writing and reading on fellow club members, so feel free to send us YOUR story.

Also, we don't want this to be a "boys only" journal, so ladies, please do send us your story, even if it's your tip to fellow car-enthusiast-wives on how to get him out of the garage for longer than just dinner!
