PRESIDENT'S REPORT

It has been a very sad end of April for CHACA with the passing of two of our members. On the 23rd of April long time member Norm Bradford passed away. The following day we lost member Alan Griffiths.

Life for us is a relatively fleeting period in history and we all strive to make it a rich and rewarding experience. Many, unfortunately, are not long with us, but both Norm and Alan had a rich and long life. This of course does not remove the pain that the families are experiencing at this time. All of us at CHACA express our deepest sympathies to Mickey, Lynda and their families.

I think our spell of Indian summer is finally over with some cold and wet days setting in. This will mean we will need to take this into account when planning runs. Predominately they will move indoors.

Don't forget the invited Buick Xmas in July run on the 1st July at Nagambie. I am sure it will be a great weekend. More details elsewhere in the Journal.

CHACA members have a wide range of classic vehicles in their possession, many that we have not seen previously, so I am calling on members to volunteer to bring a vehicle in for display on General Meeting nights along with a brief presentation on its history and restoration if relevant. Of course if bringing the car in is difficult, photos and a presentation will be just as good. Contact me if you wish to participate in this suggestion as I can assist in loading the photos for display on the overhead projector.

Our next General Meeting on the 27th May will be preceded by a Sausage Sizzle. That's assuming all is well with the Covid Situation as if things get unsettled again we will not be able to use the BBQ. Regardless come along for a good social natter night

VALE Norm Bradford

It is with great sadness that I report the passing of CHACA member Norm Bradford. He passed away on 23rd April 2021.

Norm and Mickey joined CHACA in 2002 and became very active in the life of the Club. Norm owned a 1926 Ford Model T Tow Truck which is now in the Geelong Ford Museum. He also owned a 1948 Buick Convertible. Norm was a very active life member of the Buick Club, serving twice as President firstly in 1970 -1971 and then 1990 -1993.

1948 Buick
Convertible
formerly owned
by Norm Bradford

Norm was always interested in people and would listen politely without interruption and then quietly agree or disagree. He always put other people before himself. Throughout his life he was very active in Lodge and ballroom dancing.

Norm and Mickey were great company to be around and Norm had an excellent sense of humour.

CHACA Committee and members extend our sincerest condolences to Mickey and family.

VALE Alan Griffiths

With sadness I report that CHACA member Alan Griffiths passed away on 24th April 2021.

Alan and Lynda joined CHACA in 2015. In the brief period he was with us they attended many runs in their stately blue 1970 Toyota Crown Wagon.

Born in Auckland and moving to Melbourne at a young age, Alan studied Mechanical Engineering at RMIT and then graduated as B. Eng. at Melbourne University.

He taught his three sons about the finer detail of repairing rather than buying new. At the funeral Richard, Andrew & Ian provided moving tributes to a much loved father. Alan was always there for his family and in later years for his grandchildren, Joshua, Sarah, Sam & Dulcie. In the last few weeks of his life he was delighted to complete the renovation of Dulcie's antique doll's house, with working lights in every room and a flickering fireplace.

1970 Toyota Crown owned from new and travelled 1,000,000 miles , which is 1,609,344 km. The car is still in immaculate condition.

Alan was a quietly spoken, talented man who was a pleasure to be around.

CHACA Committee and members extend our sincerest condolences to Lynda and family.

Bulla Hill Railway

CHACA is having it Birthday Run to the Bulla Hill Railway. This should be a relaxing day out, with rides on the miniature railway to keep the big boys & girls interested.
When & Where

Sunday 16th May 2021

15 Green Street, Bulla, Victoria, 3428

The facility is located in a large parkland area dedicated to community use. It is between Tullamarine (Melbourne) Airport – 8km after, and Sunbury – 11km before.

Arrive from 11:30. The facility closes at 4.00 pm. There is ample free parking directly in front of the station building. Bare feet or thongs are not allowed on the trains

The Train Ride

You can ride behind our steam or diesel locomotives around our scenic 1.5km track. The ride takes approximately 10 minutes and during the ride, you will pass over bridges, through cuttings with scenic views of Mt Macedon in the background. During the trip, you might even see a dinosaur or two! Train rides are \$4.

Note: steam trains operate subject to fire restrictions.

Facilities

There is an enclosed private picnic area complete with two coin operated barbecues and 5 picnic shelters. CHACA has booked two shelters for our exclusive use. Toilet facilities and a kiosk are at the station. There is a great children's playground located right outside our gates in the public parkland area. There is a large free car park.

Barbeques

There are two coin operated communal barbeques in a separate shelter. Groups are asked to cook their meals and then vacate the barbeque shelter to allow other people to use the facility. Please leave barbeques clean for other people to use.

People are welcome to bring along their own portable BBQs to use in our picnic area.

What to bring

Bring your own food, drinks and seats and your classic car.

Contact Brian Garrett 0400166762 for any questions.

It's baaack! Please note the new date for THIS year!

model on the roof of Shane's car.

Eddie... '36 Dodge

Following an invite from the village management, 4 CHACA members responded by putting their vehicles on display along with some vehicles from another Club between 11 and 2 for the 3 hours specified. The drivers and one passenger each received a \$15.00 lunch voucher for their efforts which could be used at any of the food merchants present on the day.

It was an interesting and informative day and the vehicles were very much appreciated by many of the resident "oldies".

Some photos of the 2021 Vintage Caravan Nationals at Victor Harbor, South Australia.

A small contingent of CHACA Members recently enjoyed a holiday in Victor Harbor at the 2021 Vintage Caravan Nationals. Gail and I attended along with Pat Lombardo, Yvette and Lester Cole, Kathy Austin, and of course Ray and Margaret Griffin who initially invited us to this event.

There were well over a hundred vintage caravans on display.

1956 Chevy Bel Air Restomod Is a Slick CGI Tri-Five Waiting for the Custom Build

11 May 2021, 10:15 UTC · by Aurel Niculescu

It's not for nothing that Chevrolet's 1955, 1956, and 1957 models have now become the cult classic "Tri-Fives" in auto parlance. After all, these usually come with great backstories and surprise everyone whether they have rags or riches memoir to tell. Sometimes, the latter even starts in the virtual realm.

We have seen vintage Tri-Fives that don't look pretty but are perfectly capable of small-block V8 surprises at the strip, but these Chevys can also enjoy the life of a show car king without issues. So, how about if we get to witness its digital transformation into a restomod ahead of the actual custom shop build reincarnation?

That's perfectly achievable thanks to pixel master Emmanuel Brito (a.k.a. personalizatuauto on social media), who is clearly no stranger to legendary classics and has prepared this quick rendering of a 1956 Chevrolet Bel Air before the vintage car takes a new lease of life with an infusion of modern parts.

It seems the restomod process is just what around the corner because the intended shop (Customs by Lopez) doesn't seem to have the actual car in the garage just yet. Unfortunately, there are no details other than Brito saying the Tri-Five is digitally prepared for the upcoming build.

At least we do know the virtual artist likes this particular color combination on the classic ride, even though for us, it's really not our cup of tea. Beauty is in the eye of the beholder, of course, and this serious look might be just the doctor ordered for the future owner of the chromed classic.

On the other hand, we appreciate the very light and subtle muscle car touches waiting to be bestowed upon this build, such as the slightly lower ride height, the LED lights front and rear, or the oversized fenders that bode well with the extra-wide rubber.

There's just one additional beef: why no hint about what will be hidden under the hood?

CHACA CLUB PERMIT SCHEME ELIGIBILITY GUIDELINES

CHACA is a VicRoads authorised Club to participate in the VicRoads Club Permit Scheme (CPS).

VicRoads has set rules to determine the eligibility of vehicles for the Club Permit Scheme. These may be viewed in the CPS handbook or on the VicRoads website. CHACA has set its own additional requirements for vehicles to be submitted for the CPS using CHACA's authorisation. The additional requirements are in line with the original CHACA charter of vehicle originality and preservation.

The following are CHACA's requirements for Members submitting vehicles for CPS assessment.

1. The vehicle must have been manufactured prior to 1st December 1992.
2. The member submitting the application must have been a CHACA member for at least 3 months.
3. Vehicles submitted for CPS application must be as the manufacturer originally designed and built. Some modifications are permitted in line with the original manufacture option list, are period correct, or are based on safety issues, but in all cases must not detract from originality. Replicas derived from a lower model are acceptable as long as the appearance is as original as possible to the intended vehicle model (e.g. GT Falcon from a base Falcon).
4. Applicants for the CPS will certify that the vehicle submitted will remain roadworthy during the permit period and unmodified from what was originally submitted.
5. Once a vehicle has been accepted by CHACA for CPS it will be the members' responsibility to maintain the vehicle as originally presented, with no further modifications and in a roadworthy condition for all permit renewal applications.
6. Determination of the eligibility for any vehicle submitted to CHACA for CPS will be at the discretion of the Committee. Vehicle CPS application must be submitted to the Technical Officer in writing.

For further questions, please contact the committee.

Ken's Joke of the Month

Once again this year, I've had requests for my Vodka Christmas Cake recipe, so here goes. Please keep it in your files as I am beginning to get tired of typing this up every year. (Made mine this morning!!!).

1 Cup sugar, 1 tsp. baking powder, 1 cup water, 1 tsp salt, 1 cup brown sugar, lemon juice, 4 large eggs, nuts, 1 bottle vodka, 2 cups dried fruit.

Sample a cup of vodka to check quality. Take a large bowl, check the vodka again to be sure it is of the highest quality then Repeat. Turn on the electric mixer. Beat one cup of butter in a large fluffy bowl. Add 1 tsp of sugar. Beat again. At this point, it is best to make sure the vodka is still OK. Try another cup just in case.

Turn off the mixer thingy.

Break 2 eggs and add to the bowl and chuck in the cup of dried fruit. Pick up the fruit from the floor, wash it and put it in the bowl, a piece at a time trying to count it. Mix on the turner.

If the fried druit getsa stuck in the beaters, just pry it loose with a sdcweriver. Sample the vodka to check for tonsistency. Next, sift 2 cups of salt, or somefink. Check the vodka again. Now shit sift the lemon juice and strain your nuts. Add one table. Add a spoon of sugar, or somefink. Whatever you can find. Greash the oven. Turn the cake in 360 degrees and try not to fall over. Finally, throw the bowl through the window. Finish the vodka and wipe the counter with the cat.
